## IT WAS A LOVE FEAST

NORTHERN VETERANS AT LEE CAMP PRAISE SOUTH'S PATRIOTS.

A MESSAGE FROM G. A. R. POSTS.

Infriendly Allusions to Their Old Enemies Have Been Eliminated from Their Ritual-Remarkable speeches in the Confederate Hall.

With so many of its members at the reunion in Atlanta, the session of the samp last night gave every promise of being stale, flat, and unprofitable. But It was none of these. The opening was prosale enough, and the audience was omewhat sad and scattered, but the introduction of Messrs, Elmer H. Baker and Alfred Craighead, representatives of Grand Army posts and members of the delegation that came here last Wednesday to present an invitation from various organizations in the Quaker City to the sprvivors of Pickett's Division, was a easant incident, that led to a veritable love-feast, and to the exchange of many complimentary remarks that bore every evidence of sincerity.

The historic walls that have rung so often with the glowing eulogies of south ern heroes, uttered by southern patriots, echoed last night, for the first time, peraps, with an honest and manly tribute northern soldier, and with a frank dmission that the cause for which the outh contended was at least not unrea-

ADDRESS OF MR. DAKER.

Colonel R. N. Northen, of Pickett Camp, quest of the commander, then introduced Mr. Baker, of Philadelphia, who ascended the rostrum. It afforded him unbounded pleasure, he said, to meet the veterans and patriots of the late war. He remarked upon the beauty of the hall, and the strides that had been made by the camp in this direction since he last visited Some years ago, he said, it was his duty to visit many northern ests, and he was always asked when shown through their rooms, "Do our southern friends have such nice halls as Then he had been compelled to admit that the posts were the 'but now," he said, "it is with a feeling of pride that I can answer that there is othing better than there is here. Mr. Alfred Craighead, of Post No. 19, was next introduced. "Comrades," he was next introduced. "Comrades," he said, "I call you so because all good and valiant soldiers are certainly comrades.

I hall from Philadelphia, the City of 'Brotherly Love.' I have often heard day afternoon after a long illness of The failures for of the beautiful city of Richmond, in the Sunny South, and have long had a craving He went on to speak of futile efforts to accomplish this purpose thirty-five years ago. He spoke warmly of the hospitality that had been shown him since he arrived here. Conbeen fighting for our southern comrade in the Grand Army posts for thirty years out we won't have to do any more fight ing. The old line has been wiped out and the link which binds the reunited country has been sealed so strongly that it wil never be broken. We boys in the North feel that we know no longer any North, South, East, or West, all we know is an united nation." He spoke with pride and affection of the national flag, which had been displayed and floated to the breeze for the first time in Philadelphia, and said he hoped that the veterans of the South would be seen more often in Philadelphia, where the right hand of brotherly love would always be extended

PATRIOTIC RESPONSES.

Commander Peay thanked the visitors for their speeches, and in the name of the camp expressed the hope that when they or any of their comrades visited Rich-mond they would not fail to call at the

Mr. Joseph Dickerson, replying to the speeches of the visitors, expressed much pleasure at hearing such sentiments from the lips of northern soldiers. He spoke of the righteousness of the South's cause, and said that the position of the southern soldier had been greatly misunderstood. The flag to which Mr. Craighead had aled, he said, was as safe in the hands of a Confederate veteran as soon as the war was over as ever it was in the hands of a northern soldier. "We are as true to our parole as the magnanimous General who granted it. The Stars and Stripes top of our flag-poles; but that flag." he said, turning to the Confederate emblem, "we love it, and you wouldn't think much of us if we didn't." He apostrophized the 'two grandest armies' fighting for what they believed to be the truth, and said that he was more than gratified that the man who now occupies the President's chair, who drew his sword in defence of his country, had not thought it unwise to appoint Confederates to posts of honor and responsibility in the army of to-day.

Mr. Baker rising again, said with some evidence of feeling: "The flag of to-day is not the one of 1851. The war grew out of corrupt court decisions and crime, but our flag of to-day has been made pure by the blood of patriots, who are patriots, every one within this broad domain."

NOW THEY REALLY FEEL IT. Mr. Rolling said he had heard a good a reunited country, but it had theory for years, "While we exbeen all theory for years. "While we ex-pressed confidence, we didn't feel it. Now, however, we feel different." The appointhowever, we feel different." Was a very happy augury.
Mr. Craighead spoke of the enthusiasm
in Philadelphia for General Lee. His photograph was in thousands of windows and private albums, his own among the numer. "We believe he has been the right han in the right place," he said. "The resident did but fulfil his obligation to the government by keeping him in Cuba and then making him a major-general. Continuing, the speaker said: "We will tear down the abominable bloody shirt that the politicians have been waving in our face. We believe you are as good Union men as we are. We teach our children so. If you come to Philadelphia you will find I speak the truth."

CONTAGIOUS DISEASES HOSPITAL

Suggested by Attempted Landing of Fever Cases at Newport News. The disposition of the newly-constituted Board of Health to agitate the purchase of an isolated hospital for contagious dis-

eases has sprung from a desire to be prepared for any emergency. The inability of Richmond to cope with an epidemic if such a thing should break out, will lead the board to agitate the matter until the City Council makes the necessary provis-ion for such an institution. In a desultory conversation between members of the board and of the Council committee at Dr. Oppenhimer's residence on Thursday night the possibility of the spread of yellow-fever was discussed.

says that the main cause for his protest was to prevent the possible spread of the fever throughout Virginia. Should it have developed at Old Point it would probably have spread to Phoebus, Hampton, and Newport News, and with the latter a great railway terminus, it would in all probability have been only a question of a short time when the fever would spring up in other points of the State.

NO YELLOW-FEVER AT TAMPA.

Regulars Going Abourd Transports Volunteers Without Orders. TAMPA, FLA., July 22.-The following statement was handed the Associated

Press correspondent to-day: "The Florida State Board of Health have just completed a house-to-house inspection of the hospitals and residences, finding comparatively little sickness, and not even suspicious cases of fever. I unhesitatingly say there is no foundation for the report of yellow-fever in Tampa. There is not even a suspicious case in the city, or in any of the military camps.

The Invitation to Pickett's Men. Messrs. Baker and Craighead, a sub committee of the delegation charged with the delivery of an invitation to Pickett's ing encampment at Philadelphia, are still in the city, hoping to carry back a more definite answer than was returned by the local committee appointed to meet them last Wednesday. The invitation will probably be changed and redirected to Pickett Camp and all members of the defunct division association. It will be more acceptable in this form, and will be acted upon next Monday night.

Mrs. J. R. Gill, of the Male Orphan Asylum, will on Friday next give one of her excursions, which she has made famous, to Old Point, Buckroe Beach, and Ocean View. She has made arrangements also for any of her patrons who may wish to do so to go through to Virginia Beach Ever active and careful for the enjoyment of her guests, Mrs. Gill has engaged Mr. Haggerty, manager of the vaudeville at Ocean View, to give a performance espe-cially for her people. Tickets of admis-sion will be sold on the train.

Journey to Buckroe Beach.

Buckroe Beach will be the objective point of an excursion to be given Thursday, August 4th, by the Laurel-Street Me-thodist Episcopal church. This will be the second excursion given by this church this summer to this place, and the outlook is very promising that a large crowd will go with them. Laurel-Street always manages to carry a large crowd.

Day at West Point.

St. James church will give an excursion to West Point next Tuesday, and those in charge say all who go are assured an enjoyable day's outing. The train will leave Richmond at 9 A. M.; and, returning, leave West Point at 7 P. M. The amusements of the day will be boating, fishing, and bathing.

THE WAR AND TRADE

A RUSH TO BUILD UP BUSINESS IN EASTERN OUBA.

MANUPACTURES ALL SHOW GAINS.

fron Apparently on the Verge of Another Revolution-Bessemer Pig Held at \$10.25 at Pittsburg-Corn Exports Surprising.

NEW YORK, July 22,-Messrs. R. G. Dun & Co., in their Weekly Review of Trade to-morrow, will say:

The state of war does not disturb business, but reaction after a phenomenal movement of grain causes relative loss, which many mistake for a decrease in the volume of trade. So much grain has been required and shipped during the past twelve months that a decrease was inevitable, and the Granger and Pacific roads show a loss in earnings, even compared with 1892, though not much yet, compared with last year. After the surrender at Santiago barely

a week of rest has preceded the sailing of the Porto Rico force, but meanwhile the President's proclamation opening San tiago to trade on terms singularly favorable to the inhabitants there, and the rush to build up business in Eastern Cuba are occupying the thoughts of many enterprising firms. The reduction of one half in the tax heretofore paid, with hon-est, instead of Spanish, administration brings home to Cuban residents the meaning of the change, and they also learn to use money of which a paper dollar is as good as gold, which for them is a long step forward.

In the stagnant midsummer season, with business larger than ever before, the great manufactures nearly all share the gain. Once before, in 1895, with an extraordinarily small movement prior to July the shipments of boots and shoes were larger than this year, but in no other year have shipments in three weeks of July been as large. The print-cloth works at Fall River have in part combined to curtail production, half the spindles of that city being idle for a month, but in other branches of the cotton-goods trade no such heroic measures appear neces

There is an increased demand for woollen goods, although in some lines it is slow and disappointing, but the number of establishments at work increases, though the mills are not yet assured of satisfactory prices.

The iron manufacture seems to be on the verge of another revolution, since Bessemer pig is held, by curtailment of production in the Shenandoah and Mahoning valleys, at \$10.25 at Pittsburg, and yet some steel-works have made enor-mous sales of billets. The demand for structural forms keeps all the works busy. The plate-mills are everywhere crowded Sheets and bars are in better demand than heretofore, and the prolonged weakness in cast pipe, which usually requires nearly 700,000 tons of pig in a year, may presently be cured.

With the abatement of foreign needs and prospects of excellent crops in many foreign countries, wheat has declined du-ring the week 3 cents in price, notwithstanding exports from Atlantic ports amounting to 1,937,092 bushels (flour in cluded), against 1,516,997 last year, and from Pacific ports of 577,755, against 89,523 last year. Total exports for three weeks have been 7,399,259 bushels (flour included), against 5,194,488 last year.

Corn still goes abroad in astonishing quantity, all the circumstances considered. The exports have been, in three weeks, 5,577,847 bushels, against 6,535,336 last year. The price has not changed, in spite of the decline in wheat.

COTTON. The closing of some New England mills has doubtless affected the price of cotton to some extent, and yet the crop reports are sufficiently favorable to depress prices an eighth during the week, without other influence. The collapse of a strong pool to advance prices and control the market

The failures for the week have been 20 in the United States, against 227 last year, and 17 in Canada, against 28 last year

It is learned from a trustee of Trinity College that at the meeting of the trus-tees at Durham last Monday Judge Waiter Clark was present, but said he had no proof at hand of his charges against President Kilgo, and asked for further time; say, thirty days. He was given un-til August 30th. It was further stated that Judge Clark said if he did not present complete proof he would state that he

was in error. The directors of the penitentiary were in session yesterday and to-day. The long-promised report of ex-Superintendent John R. Smith was not presented. A motion was adopted that a committee inquire into the question as to whether the State farms should not be abandoned, as putting the State in conpetition with free labor.

HAMMER OF THE GUN SLIPPED.

BATH COUNTY.

Lexington, Producing Death With in an Hour.

LEXINGTON, VA., July 22.-(Special.)-This community was shocked to-day by news of the death of Harry Prestor Moore, the 18-year-old son of County-Treasurer Samuel R. Moore, of this place. Ten days ago a party of young boys went from here on a camping and fishing expedition to Windy Cove, Bath county. Yesterday morning young Moore, accompanied by a companion, went to join the party. Just before 5 o'clock in the afternoon Samuel Glasgow, son of Mr. Frank T. Glasgow, took his shotgun and went down the river to shoot a turtle. On his return, and when about fifty feet from the tent, he attempted to let down the hammer of his gun, when it was discharged, the entire load entering young Moore's body on the right side. Moore was seated with a companion on a bank, and the latter escaped, as Moore shielded him. Medical aid was summoned, and arrived shortly afterwards, but young Moore died within an hour. His body was brought here this afternoon on the train, and will be buried to-morrow.

VIRGINIA DRUGGISTS.

Meeting of Their Association-The Stamp Tax.

LYNCHBURG, VA., July 22 .- (Special.)-The Virginia Pharmaceutical Association, which has been in session at Natural Bridge, adjourned this morning. The following officers were elected for the ensuing year: Charles G. Maphis, of Charlottesville, president; Dr. A. W. Ely, of Suffolk; C. H. Jennings, of Abingdon; W. M. Strother, of Lynchburg, and S. J. Simmond, of Falls Church, vice-presidents; C. B. Fleet, of Lynchburg, secretary; G. E. Faulkner, of South Boston, correspond-ing secretary; C. H. Lumsden, of Lynchburg; treasurer; H. C. Barnes, noke, local secretary; Edward Roethiein, J. G. Camm, and R. W. Booker, of Lynch-

burg, Executive Committee.

Messrs. T. A. Miller, of Richmond; Paul Massie, of Roanoke; C. P. Kearfott, of Martinsville; W. T. Reeves, of South Boston, and N. S. Purcell, of Leesburg, were selected to be recommended to the Gov-

ernor as persons to fill vacancies on the Board of Pharmacy, A resolution was adopted in regard to the revenue stamp. The action of a number of patent-medicine companies in rais-ing the price of their goods so as not only to cover the cost of the stamps, but to give them an increased profit, was conemned in strongest terms, and it was declared the purpose of the association to do all they could to bring about concerted action by the retailers of United States to compel the said com-panies to restore the old rates, and if they should persist in refusing to decline to handle their goods.

Fear of Yellow-Fever Exaggerated. (New Orleans Times-Democrat.)

Twenty years had the people of the South been polled as to the destructive and deadly power of yellow-fever and of typhoid-fever, as they were then, yellow-fever would have been almost unanimously voted as much more destruc-tive and deadly disease of the two. To-day paring the yellow-fever as it was twenty years ago with typnoid-fever in respect of their killing ability; it is the so-called yellow-fever as we saw it and heard of it in these parts last year and this year, that we are comparing with typhold-fever in their lethal capacity. And we have no hesitation in saying that the so-called yellow-fever of last year and this year does not begin to compete with typhoid-fever in swelling the death-rate. The attack of typhoid-fever which is now inflicting the camp at Chickamauga is justly far more dreaded than the out-break of so-called yellow-fever among the American and Spanish troops at Santiago, and is certain to make greater additions to the mortality.

A Criticism of Smokeless Powder.

(Savannah (Ga.) News.) A well-known sportsman and gun ex-pert, of this city attributes the poor marksmanship of the Spanish fleets to smokeless powder. He says it is a wellknown fact with sportsmen that nitre or smokeless powder cannot be depen upon for good shooting. The strength of the same calibre of cartridges varies one probably will shoot straight mark, the next high, and the third low If this is the case with the small ing cartridges what must it be with those used in the great pieces of ordnance or warships?

The accuracy of the American gunners is, of course, largely due to good marksmanship, but the skill of the gun-ners would count for nothing, the gun-man said, if it were not for the fact that the American navy uses black powder, the explosive force of which is always to be depended on. He maintains that the same rule applies to the small arms He maintains that used in the army, and contend that the government had made no mistake in not adopting nitre or smokeless powder.

The Episcopal Church in Hawaii.

(The Independent.) Hitherto the Church of England in the Hawaiian islands has been under the general superintendence of the Society for the Propagation of the Gospel, and the Bishop of Honolulu, Alfred Willis, D. D., appointed by the Archbishop of Can-

without her musical voice. May she long Anglican churches in Honolulu itself live to make her annual trips to this and a few weak parishes in other islands. Among the communicants is Mrs. Do-minis. As Queen Liliuokalina she worshipped at the Congregational Church established by the missionaries of the American Board, but during her imprisonment studied the Book of Common Prayer, and, as a result, was admitted into the Episcopal Church, where she has since been a regular communicant.

> In France there exists an order of merit, founded by the Society for the Prevention of Cruelty to Animals, of which the members are dogs which have distinguished themselves by deeds of bravery. A tastefully designed "collar of honor" is awarded to the dog considered worthy of distinction.

The recent State Convention of the New York Prohibitionists was noticeable for the fact that the platform adopted does not indorse woman suffrage.

The Boys at Chickamauga Delighted.

Before leaving for Chickamauga Park Ga., Lieutenant George E. Bass, Fifty-second Iowa Volunteers, procured a few bottles of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. The boys were delighted with the quick cures of diar-rhoea which it effected. To meet the derhees which it effected. To meet the commands Licutenant Bass ordered four dozen bottles more by express and sold the whole of it in one day, except three bottles kept for his own use and for percure, and is pleasant and safe to take. most successful medicine in the world for bowel complaints.
